## The New Heta *Inspire 45* 4.9kW Multifuel Stove

The **Heta Inspire 45** is a brand new clean burn stove designed with a nominal output of 4.9kW and can be used for wood burning or multifuel use. The Inspire 45 is fitted with a cast iron door with a large view of the fire, separate ashpan compartment, riddling grate, vermiculite lined fire chamber, tertiary air for clean burn performance, secondary air wash to keep the door glass spotlessly clean, single lever air control allowing easy and precise control of the fire and is fitted with fresh air supply to allow the stove to be installed directly to an outside air supply; perfect for installation into highly insulated homes.

The **Heta Inspire 45** is a high quality Danish engineered stove, offering outstanding levels of performance with its clean burn firebox, precise air control and a lovely modern clean design.

Exclusively available through authorised stockists throughout the UK.

Defra approval to be applied for in  
Autumn 2013
